Solicitations that Limit the Number of Proposals an Organization Can Submit
Solicitations that have limits on the number of proposals that may be submitted by one organization.

Partners: Collaboration With Other Federal Agencies
NSF programs that are conducted in partnership with other federal agencies.
DETERMINING BEST FIT
Alignment

1. Know the mission of the agency and what it is mandated to fund

2. Determine the agencies priorities
   a. Look at the RFPs from the last couple of years (what do they say are their priorities?)
   b. See what they have funded in the last couple of years

3. Address a need relevant to agency’s mission/priorities and develop a potential solution

4. Talk with a program officer
